Size: 2mm Thk x 200mm W x 50m Long
*Pdt Code: AS2 (Flat)

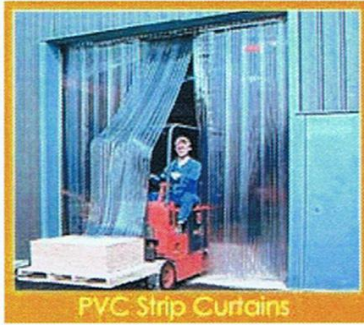

WELDING PVC STRIP

- protects personnel from flying sparks & dangerous glares of welding operations
protects against eye damage by screening out harmful UV Rays.

Color: Dark Green
Application Temp: -20deg C to 50deg C
Type: Flat
Size: 2mm Thk x 200mm W x 50m Long
*Pdt Code: WA2 (Flat)

Stainless Steel Hanger available. Catalog upon request

PVC STRIP CURTAIN Stainless Steel Hanger & Brackets

PVC Strips Curtains are ideal for & suitable for use in a wide variety of applications.

- Cold Storages / Refrigeration
- Food Processing Units
- Temperature Controlled Trucks
- Automobile Industry Textile Mills
- Pharmaceuticals
- Engineering Industry

Features & Advantages:-

- Unlimited access by vehicles and pedestrians
- Round edges to avoid injury to Pedestrian
- Effective reduction in heat, cold & humidity-loss, noise & dust transmission
- Prevent birds, flies, dust, fumes, etc. from from entering working areas
- Maintenance free requiring an occasional wash with plain water

Sizes Range:-

- 200mm x 2mm for doors under 2Meters height
- 300mm x 3mm for doors in 3 - 5 Meters height.

Standard Grade:-

- Suitable for temperature @ - 20deg. C.

Super Polar Grade:-

- Suitable for temperature @ - 40deg. C

Product:-

Code	Sizes	Type
A2	- 2mm x 200mm x 50m	Clear, Flat, Standard Grd
